November 17, 2021

BOSTON, Nov. 17, 2021 (GLOBE NEWSWIRE) -- First Eagle Alternative Capital BDC, Inc. (NASDAQ: FCRD) ("First Eagle Alternative Capital BDC" or the "Company") announced that it priced a public offering of an additional \$40,000,000 aggregate principal amount of 5.00% Notes due 2026 (the "Notes"). The Notes will be issued at a price of approximately 101% of the aggregate principal amount of the Notes, resulting in a yield-to-maturity of approximately 4.75%.

The Notes will mature on May 25, 2026 and may be redeemed in whole or in part at any time or from time to time at the Company's option on or after May 25, 2023. The Notes will bear interest at a rate of 5.00% per year payable quarterly on March 30, June 30, September 30 and December 30 of each year. The Company also granted the underwriters a 30-day option to purchase up to an additional \$6,000,000 in aggregate principal amount of Notes to cover overallocments, if any. The offering of the Notes will be made under the Company's existing shelf registration statement, which was filed with, and declared effective by, the Securities and Exchange Commission. Keefe, Bruyette & Woods, A Stifel Company, Goldman Sachs & Co. LLC and Oppenheimer & Co. Inc. are acting as joint book-running managers for this offering.

Purchasers will be required to pay accrued and unpaid interest on the Notes from September 30, 2021 up to, but not including, the initial settlement date of the Notes. On December 30, 2021, the Company will pay this pre-issuance accrued interest on the Notes to the holders of the Notes as of the applicable record date, along with interest accrued on the Notes offered hereby from the initial settlement date to such interest payment date.

The Notes will constitute a further issuance of, have the same terms (other than issuance date and offering price) as, rank equally in right of payment with, and be fungible and form a single series with the \$69,000,000 in aggregate principal amount of the Company's 5.00% Notes due 2026 (the "Existing Notes") that were initially issued on May 25, 2021 and June 4, 2021. The Existing Notes are listed on the New York Stock Exchange under the trading symbol "FCRX", and the Company intends to list the Notes under the same trading symbol. Upon the issuance of the Notes, the outstanding aggregate principal amount of the Company's 5.00% Notes due 2026 will be \$109,000,000 (assuming the underwriters do not exercise their overallocation option to purchase additional Notes).

The closing of the transaction is subject to customary closing conditions, and the Notes are expected to be delivered on or about November 22, 2021.

First Eagle Alternative Capital BDC intends to use the net proceeds from this offering, together with other available funds, to repay certain of its indebtedness, including the redemption of its outstanding 6.125% Notes due 2023 (the "2023 Notes"), in its entirety, and, pending redemption of the 2023 Notes, the repayment of a portion of the outstanding indebtedness under its revolving credit facility.
